

MOSSGATE DAY NURSERY

ACCESS, STORAGE AND RETENTION OF RECORDS POLICY

At Mossgate Day Nursery we have an open access policy in relation to accessing information about the nursery and parents' own children. This policy is subject to the laws relating to data protection and document retention and should be used in conjunction with the Data protection and confidentiality policy and the GDPR privacy notice.

Parents are welcome to view the policies and procedures of the nursery, which govern the way in which the nursery operates. These may be viewed at any time when the nursery is open, simply by asking the nursery manager or on the nursery website. The nursery manager or any other relevant staff member will also explain any policies and procedures to parents or use any other methods to make sure that parents understand these.

Parents are also welcome to see and contribute to all the records that are kept on their child. However, we must adhere to data protection laws and, where relevant, any guidance from the relevant agencies for child protection.

As we hold personal information about staff and families, we are registered under data protection law with the Information Commissioner's Office. All parent, child and staff information is stored securely according to the requirements of data protection registration, including details, permissions, certificates and photographic images. We will ensure that staff understand the need to protect the privacy of the children in their care as well as the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.

We will store photographs and videos of children securely, in accordance with our Safeguarding children and child protection policy and data protection law. We will keep hard copies of images in a locked container and electronic images in a protected folder with restricted access. We will never store images of children on unencrypted portable equipment such as laptops, memory sticks or mobile devices.

We are required under legislation to keep certain records about children, parents and also staff members. Due to this legislation, we are required to keep this information for a set amount of time. Below is a brief overview of the information we keep and for how long. This policy should be used in conjunction with the Data protection and confidentiality policy and the GDPR privacy notice.

Records of any reportable death, injury, disease or dangerous occurrence (for children): As these incidents could result in potential negligence claims, or evolve into a more serious health condition, we keep records until the child reaches the age of 22 years.

Records of any reportable death, injury, disease or dangerous occurrence (for staff): 3 years

Type of accidents including fractures, broken limbs, serious head injuries or where the child is hospitalised: Until the child reaches the age of 22 years.

Observation, planning and assessment records of children: We keep our planning filed since the last inspection date so there is a paperwork trail if the inspector needs to see it.

Information and assessments about individual children is either given to parents when the child leaves or to the next setting/school that the child moves to (with parents' permission).

Personnel files and training records (including disciplinary records and working time records): 7 years

If parents have a specific deletion or retention request regarding any data that we hold, please raise a query in writing and we will respond formally to your request.
